Body Style:

Straight shape

Overall Length:

1.016 inches

Overall Height:

0.700 inches

Overall Width:

0.145 inches

Mating End Quantity:

1

Contact Position Arrangement Style:

1 row of contacts non-inserted board single mating end

Connector Locking Method:

Friction

Insert Material:

Plastic polyamide glass filled single mating end

Product Name:

Connector, single row

Special Features:

Wire connection crimp; voltage rating 250 vac, contact current rating 3 amps, termination resistance 12 milliohms; insulation resistance is 5,000 megohms; dielectric withstanding voltage is 750v; housing flammability rating is ul 94v-0

Color:

Black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
