Body Style:

Straight shape, rectangular

Overall Length:

45.8 millimeters

Overall Height:

31.4 millimeters

Overall Width:

40.0 millimeters

Shell Type:

Solid

End Application:

Mrap-cougar

Shell Material:

Plastic polyamide

Product Name:

Automotive connectors 14w female housing 2.8mm term sz

Special Features:

Wire gauge size: 20-12; number of rows: 2; operating temperature range: -40c to +215c; pitch: 5.25mm

Color:

Black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
