**End Application:**

Mq-8b vtuav

**Product Name:**

Sma/f-tnc/m right angle adapter

**Special Features:**

First end is tnc male with body of nickel plated brass and second end issma female with body of passivated stainless steel; insulators are ptfe; frequency range from zero to 6 ghz; temperature from minus 55 degrees centigrade to plus 125 degrees; impedance 50 ohms; rohs compliant

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A039b0
