End Application:

Mq-8b vtuav

Product Name:

Sma/f-tnc/m right angle adapter

Special Features:

First end is tnc male with body of nickel plated brass and second end issma female with body of passivated stainless steel; insulators are ptfe; frequency range from zero to 6 ghz; temperature from minus 55 degrees centigrade to plus 125 degrees; impedance 50 ohms; rohs compliant

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
