End Application:
Mq-8b vtuav
Product Name:
Sma/f-tnc/m right angle adapter
Special Features:
First end is tnc male with body of nickel plated brass and second end issma female with body of passivated stainless steel; insulators are
ptfe; frequency range from zero to 6 ghz; temperature from minus 55 degrees centigrade to plus 125 degrees; impedance 50 ohms; rohs
compliant
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiia:
