Overall Length:

4.100 inches

Diameter:

2.300 inches

Cable Entrance Diameter:

1.625 inches

Contact Maximum Frequency Rating:

75.0 gigahertz single mating end all contact groupings

Shell Type:

Solid

Contact Material:

Copper and tin and zinc alloy single mating end all contact groupings

Contact Surface Treatment:

Silver single mating end all contact groupings

Shell Material:

Copper and tin and zinc alloy

Shell Surface Treatment:

Silver

Precious Material And Location:

Shell coupling nut and pin surface plating silver

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
