Overall Length:

1.600 inches

Overall Diameter:

1.642 inches

Size Designation:

21

Mounting Facility Type And Quantity:

1 threaded coupling

Product Name:

Connector, accessory, electrical backshell, straight, shield band termination (rfi/emi) shrink, sleeve accomodation

Material:

Aluminum alloy

Surface Treatment:

Nickel and cadmium

Style Designator:

Straight type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10100
