Overall Length:

5.440 inches

Overall Height:

0.695 inches

Overall Width:

0.480 inches

End Application:

Apx 113

Shell Material:

Aluminum alloy

Product Name:

Connector, pcb, 200 pin

Special Features:

Body material: molded plastic, diallylphthalate resin; contact material: brass alloy 260; contact finish: gold plated; body surface treatment: anodic coating;

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0
