Overall Length:

6.0 inches

Overall Height:

1.3 inches

Overall Width:

4.0 inches

End Application:

Ah-64d

Product Name:

Backshell electrical connector

Special Features:

81346-astm b 85, 81346-astm b 211, 81346-astm b 221, or 81348-ams-qq-a-255 for material make up

Material:

Aluminum alloy and stainless steel

Precious Material And Location:

Ground spring gold

Specification Data:

96906-mil-std-1344, method 1001 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10100
