**Overall Length:**

6.0 inches

**Overall Height:**

1.5 inches

**Overall Width:**

4.0 inches

**Body Angle In Deg:**

90.0

**End Application:**

Ah-64d

**Mounting Facility Type And Quantity:**

2 bracket

**Product Name:**

Backshell electrical connector

**Special Features:**

81346-astm b 85 or 81346-astm b 211 or 81346-astm b 221 or 81348-ams-qq-a-255 for material

**Material:**

Aluminum alloy and stainless steel

**Precious Material And Location:**

Ground spring gold

**Surface Treatment:**

Passivate and cadmium

**Style Designator:**

Angle type

**Specification Data:**

96906-mil-std-1344, method 1001 government standard and 81349-mil-g-45204, type 2, class 1 government specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A10100
