End Application:

F-15sa

Special Features:

Featghandle nylon, white; body brass; contact spring nickel silver; current 15 amps dc; dielectric withstanding vol 3500 vrms min; rcmd working vol 1750 vrms max; insulation res 5000 megohms min; contact res 10 milliohms max; contact spring retention force 15lbs min; mating banana jack diameter .166 nom; operating temp -55 degrees c to 85 degrees cel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03400
