Body Style:

Straight shape

Contact Maximum Current Rating In Amps:

7.5 single mating end single contact grouping

Shell Type:

Solid

Terminal Location:

Front single mating end single contact grouping

Contact Surface Treatment:

Gold single mating end single contact grouping

Shell Surface Treatment:

Aluminum alloy

Included Contact Quantity:

19 single mating end single contact grouping

Special Features:

Rated voltage 600vac/850vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
