Body Style:

Straight shape

Operating Temperature Rating:

175.0 degrees celsius

Shell Material:

Aluminum

Product Name:

Connector, plug electrical

Special Features:

Straight plug shell; pin contacts; shell size and insert arrangement 17-60; corrosion resistant olive drab cadmium plate aluminum (composite), 500 hour salt spray, emi shielding-50 db at 10 ghz specification min.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
