**Body Style:**

Straight shape

**Operating Temperature Rating:**

175.0 degrees celsius

**Shell Material:**

Aluminum

**Product Name:**

Connector, plug, electrical

**Special Features:**

Straight plug shell; socket contacts; shell size and insert arrangement 17-60; corrosion resistant olive drap cadmium plate aluminum (composite), 500 hour salt spray, emi shielding-50 db at 10 ghz specification min

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A039b0
