Overall Length:

1.234 inches

Overall Width:

1.234 inches

End Application:

Guided missile engagement control station

Product Name:

Adapter, connector, receptacle

Special Features:

Cage 71468 is the oem; 4 mounting diameter holes; shell size 16; number of contacts 26; degree of rotation - y - 275; through bulkhead receptacles kptb; p - pin; s - socket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
