Overall Length:

1.05 inches

Diameter:

0.50 inches

Crimping Tool Identifying Number:

5

Terminal Type:

Crimp 1st mating end single contact grouping

Shell Material:

Copper alloy

Shell Surface Treatment:

Gold and nickel

Shell Material Specification:

Mil-std348 military standard all material responses

Product Name:

Bnc straight jack

Special Features:

impedance: 75 ohms; frequency range: 0-3 ghz; voltage rating: 500vrms; insulation resistance: 5000 megohms.

Supplementary Features:

Rohs compliant

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A039b0

Mil-std (military Standard):

spec.
