Thread Direction:

Right-hand

Distance From Centerline To Connector End:

1.75 inches

Distance From Centerline To Cable End:

1.63 inches

Size Designation:

23

Product Name:

Composite cone and ring style emi/rfi shield termination backshell with self-locking coupling nut and strain relief

Special Features:

Angle and profile - straight; strain relief style - clamp

Surface Treatment:

Nickel

Style Designator:

Angle type w/clamp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10100
