Overall Length:

1.287 inches

Overall Diameter:

1.777 inches

Shell Material:

Aluminum alloy

Shell Surface Treatment:

Nickel or paint

Product Name:

Connector, receptacle

Special Features:

Inline receptacle, 128 composite type socket contacts with 50 micro inch gold plate

Precious Material:

Gold

Supplementary Features:

1300 ac volts max

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A039b0
