Conductor Splice - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5940-00-194-6733

Overall Length:
0.900 inches

Maximum Conductor Size Accommodated:
12 awg

Electrical Insulation Feature:
Insulating sleeve

Basic Shape Style:
Crimp

Conductor Accommodation Type:
Straight barrel all ends

Plastic polyamide insulation **Surface Treatment:** 

Tin conductor accommodation single layer

Shelf Life:

Material:

N/a

**Unit Of Measure:** 

Demilitarization:

No

Fiig:

A006b0
