**Mounting Hole Diameter:**

0.250 inches

**Body Style:**

Block type

**Board Construction:**

Solid construction

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

13.250 inches

**Center To Center Distance Between Mounting Facilities Parallel To Width:**

3.250 inches

**Boardlength:**

15.250 inches

**Boardwidth:**

3.875 inches

**Boardheight:**

0.375 inches

**Nonfeedthru Terminal Quantity:**

14 single

**Special Markings:**

1 through 7

**Material:**

Plastic phenolic board and paper board

**Material Specification:**

L-p-513, type pbe federal specification single material response board

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A011b0
