Overall Height:

0.515 inches

Overall Diameter:

0.200 inches

Electrical Insulation Feature:

Insulating sleeve

Minor Bushing Diameter:

0.166 inches

Basic Shape Style:

Nontubular round

Material:

Copper alloy conductor accommodation

Surface Treatment:

Tin conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
