**Overall Length:**

0.830 inches

**Overall Width:**

0.280 inches

**Material Thickness:**

0.025 inches

**Maximum Conductor Size Accommodated:**

20 awg

**Electrical Insulation Feature:**

Insulating sleeve

**Mounting Method Style:**

Open slot w/lip

**Mounting Tongue Width:**

0.280 inches

**Mounting Facility Thickness:**

0.025 inches

**Identification Code Color:**

Amber

**Mounting Slot Width:**

0.144 inches

**Basic Shape Style:**

Crimp

**Conductor Accommodation Type:**

Recessed barrel single end

**Material:**

Plastic polyamide insulation

**Surface Treatment:**

Tin except insulation single layer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A006b0
