Overall Length:

2.218 inches

Overall Width:

1.375 inches

Electrical Insulation Feature:

Uninsulated

Basic Shape Style:

Mechanical compression

Conductor Accommodation Type:

Straight barrel all ends

Special Features:

height 0.875 in.

Material:

Copper alloy conductor accommodation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
