Overall Length:

0.490 inches

Overall Diameter:

0.080 inches

Special Features:

9conductor accomm. Matl-copper alloy; surface treat.-o/a sgl layer, tin; taper lg 0.217 in.; max conductor size accommodation-awg22; elect.

Insulation feature-uninsulated; conductor accommodation type, sgl end, straight barrel; tapered end minor diameter 0.058 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
