Overall Length:

1.950 inches

Overall Width:

1.200 inches

Overall Thickness:

0.630 inches

End Application:

6115-01-462-0291, 60 kw generator; 2320-01-097-0248, 2320-01-097-0249, 2320-01-100-7672, 2320-01-097-0260, 2320-01-195-7641, hemtt family (heavy expanded mobility tactical trucks); mrap buffalo mk2a2; maxxpro dash iss w/crows and w/ogpk

Usage Design:

For mounting and fastening negative electrical lead to tapered battery terminals utilizing the nuts and bolts provided within the terminal adapter

Special Features:

Negative terminal

Material:

Lead alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536x0
