Overall Length:
2.580 inches
Overall Width:
0.880 inches
Material Thickness:
0.040 inches
Maximum Conductor Size Accommodated:
00 awg
Electrical Insulation Feature:
Insulating sleeve
Mounting Method Style:
Tapered
Mounting Hole Diameter:
0.656 inches
Mounting Tongue Width:
0.880 inches
Mounting Facility Thickness:
0.040 inches
Identification Code Color:
Blue
Basic Shape Style:
Crimp
Conductor Accommodation Type:
Recessed barrel single end
Material:
Plastic polyamide insulation
Surface Treatment:
Tin except insulation single layer
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A006b0
