Overall Length:

1.333 inches

Maximum Conductor Size Accommodated:

14 awg

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Blue

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Straight barrel all ends

Material:

Plastic polyamide insulation

Surface Treatment:

Tin except insulation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
