Overall Length:

1.828 inches

Overall Width:

0.625 inches

Material Thickness:

0.062 inches

Maximum Conductor Size Accommodated:

6 awg

Electrical Insulation Feature:

Insulating sleeve

Mounting Method Style:

Tapered

Mounting Hole Diameter:

0.266 inches

Mounting Tongue Width:

0.625 inches

Mounting Facility Thickness:

0.062 inches

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Straight barrel single end

Material:

Copper conductor accommodation

Surface Treatment:

Tin conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
