**Overall Length:**

1.828 inches

**Overall Width:**

0.625 inches

**Material Thickness:**

0.062 inches

**Maximum Conductor Size Accommodated:**

6 awg

**Electrical Insulation Feature:**

Insulating sleeve

**Mounting Method Style:**

Tapered

**Mounting Hole Diameter:**

0.266 inches

**Mounting Tongue Width:**

0.625 inches

**Mounting Facility Thickness:**

0.062 inches

**Basic Shape Style:**

Crimp

**Conductor Accommodation Type:**

Straight barrel single end

**Material:**

Copper conductor accommodation

**Surface Treatment:**

Tin conductor accommodation single layer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A006b0
