Mounting Hole Diameter:

0.166 inches

Board Construction:

Solid construction

Terminal Facility Quantity:

6

Boardlength:

5.375 inches

Boardwidth:

4.813 inches

Boardheight:

0.125 inches

Mounting Facility Type And Quantity:

4 unthreaded hole

Special Features:

Mtg holes irregularly spaced

Material:

Plastic epoxy board and glass fiber board

Material Specification:

Mil-p-18177, type gee military specification single material response board

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A011b0

Mil-std (military Standard):

Mil-p-18177 spec.
