Overall Length:

0.800 inches

Maximum Conductor Size Accommodated:

14 awg

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Blue

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Straight barrel single end

Special Features:

Requires adapter sleeve for wire combinations'20 awg., 2 conductors no. 22 awg., 1 conductor no. 16 awg.

Material:

Plastic polyamide insulation

Surface Treatment:

Tin except insulation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
