**Overall Length:**

0.800 inches

**Maximum Conductor Size Accommodated:**

14 awg

**Electrical Insulation Feature:**

Insulating sleeve

**Identification Code Color:**

Blue

**Basic Shape Style:**

Crimp

**Conductor Accommodation Type:**

Straight barrel single end

**Special Features:**

Requires adapter sleeve for wire combinations'20 awg., 2 conductors no. 22 awg., 1 conductor no. 16 awg.

**Material:**

Plastic polyamide insulation

**Surface Treatment:**

Tin except insulation single layer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A006b0
