Overall Height:

0.610 inches

Overall Diameter:

0.250 inches

Minor Bushing Diameter:

0.230 inches

Basic Shape Style:

Nontubular round

Material:

Plastic insulation

Material Specification:

Mil-m-19833, ty gdi-30 military specification single material response insulation

Surface Treatment:

Tin conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0

Mil-std (military Standard):

Mil-m-19833 spec.
