**Overall Length:**

0.760 inches

**Maximum Conductor Size Accommodated:**

10 awg

**Electrical Insulation Feature:**

Insulating sleeve

**Identification Code Color:**

Blue

**Basic Shape Style:**

Crimp

**Conductor Accommodation Type:**

Straight barrel all ends

**Material:**

Plastic insulation

**Surface Treatment:**

Tin conductor accommodation single layer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A006b0
