Overall Length:

0.870 inches

Maximum Conductor Size Accommodated:

22 awg

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Black

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Straight barrel all ends

Material:

Plastic insulation

Surface Treatment:

Tin conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
