Body Length:

5.500 inches

Body Width:

1.380 inches

Body Height:

0.125 inches

Mounting Configuration:

Two 0.313 in. To 0.319 in. Diameter mtg holes on 4.812 in. Mtg centers

Special Features:

Mtg holes centered 0.766 in. From one edge and 0.514 in. From opposite edge

Special Markings:

Stamped -caution, high voltage-, two terminal holes marked -b-, nine holes marked -c-

Material:

Plastic, phenol-formaldehyde

Material:

Plastic phenol-formaldehyde

Surface Treatment:

Finish a. Per mil-p-5425

Fsc Application Data:

Test equipment, electronic shop, field maintenance, trailer mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T23700
