Overall Length:

0.960 inches

Maximum Conductor Size Accommodated:

18 awg

Largest Diameter:

0.033 inches single end

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Pink

Basic Shape Style:

Twisting sleeve

Conductor Accommodation Type:

Straight barrel single end

Material:

Plastic polyamide insulation

Surface Treatment:

Tin conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
