Overall Length:

4.750 inches

Overall Width:

3.000 inches

Electrical Insulation Feature:

Uninsulated

Basic Shape Style:

Mechanical compression

Conductor Accommodation Type:

Straight barrel single end

Special Features:

1.500 and 1.500 in. Bus bar width, 2 wires

Material:

Copper alloy conductor accommodation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
