Width Across Flats:

0.250 inches

Overall Height:

0.572 inches

Electrical Insulation Feature:

Standoff insulation

Dry Flashover Voltage Rating In Volts:

11400.0

Conductor Accommodation Type:

Threaded internal second end

Special Features:

Basic shape style, double ended nontubular

Material:

Copper alloy except insulation

Surface Treatment:

Tin except insulation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
