Overall Length:

0.843 inches

Overall Width:

0.343 inches

Material Thickness:

0.031 inches

Maximum Conductor Size Accommodated:

16 awg

Electrical Insulation Feature:

Insulating sleeve

Mounting Method Style:

Hook

Mounting Tongue Width:

0.343 inches

Mounting Facility Thickness:

0.031 inches

Identification Code Color:

Blue

Mounting Slot Width:

0.250 inches

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Recessed barrel single end

Material:

Plastic insulation

Surface Treatment:

Tin except insulation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
