Overall Length:

16.000 inches

Overall Height:

0.281 inches

Overall Width:

0.130 inches

Unit Type:

Channel

Mounting Method:

Friction

Contact Finger Quantity:

119

Material:

Beryllium copper

Material:

Copper alloy

Surface Treatment:

Tin

Surface Treatment:

Tin plated

Reference Number Differentiating Characteristics:

As differentiated by surface treatment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T174-b
