Overall Length:

1.750 inches

Maximum Conductor Size Accommodated:

10 awg

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Yellow

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Recessed barrel single end

Material:

Copper alloy

Surface Treatment:

Tin conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
