Conductor Splice - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5940-01-007-7877

## **Overall Length:**

1.750 inches

## Maximum Conductor Size Accommodated:

10 awg

## **Electrical Insulation Feature:**

Insulating sleeve

# Identification Code Color:

Yellow

## Basic Shape Style:

Crimp

#### **Conductor Accommodation Type:**

Recessed barrel single end

Material:

Copper alloy

#### Surface Treatment:

Tin conductor accommodation single layer

#### Shelf Life:

N/a

### Unit Of Measure:

---

#### Demilitarization:

No

#### Fiig:

A006b0
