Material:

Steel comp 303se conductor accommodation

Material Specification:

Qq-s-764, cond a federal specification single material response conductor accommodation

Surface Treatment:

Oxide conductor accommodation single layer

Surface Treatment Specification:

Mil-c-13924, cl 2 military specification single treatment response conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0

Mil-std (military Standard):

Mil-c-13924 spec.
