Overall Length:

0.930 inches

Overall Width:

0.310 inches

Material Thickness:

0.310 inches

Largest Diameter:

0.210 inches single end

Electrical Insulation Feature:

Insulating sleeve

Mounting Hole Diameter:

0.201 inches

Mounting Tongue Width:

0.310 inches

Mounting Facility Thickness:

0.040 inches

Identification Code Color:

Yellow

Special Features:

Standard pkg 500, unitquantity type 50

Material:

Copper conductor accommodation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
