**Overall Length:**

0.415 inches

**Overall Width:**

0.100 inches

**Material Thickness:**

0.022 inches

**Largest Width:**

0.062 inches all ends

**Electrical Insulation Feature:**

Uninsulated

**Mounting Method Style:**

Shouldered hole

**Mounting Tongue Width:**

0.100 inches

**Mounting Facility Thickness:**

0.022 inches

**Identification Code Color:**

Blue

**Mounting Slot Width:**

0.062 inches

**End Application:**

F-15 aircraft

**Basic Shape Style:**

Solder/solderless

**Conductor Accommodation Type:**

Clamping tang ears all ends

**Special Features:**

Surface finish ph per tek standard f-103

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A006b0
