# Mounting Hole Diameter:

0.250 inches

## Body Style:

Strip type

# Center To Center Distance Between Mounting Facilities Parallel To Length:

4.938 inches

## Center To Center Distance Between Mounting Facilities Parallel To Width:

2.062 inches

## Distance From Bottom Edge Of Terminal Board To Center Of Mounting Hole:

0.250 inches

#### Boardlength:

5.437 inches

#### Boardwidth:

2.562 inches

#### Mounting Facility Type And Quantity:

4 unthreaded hole

## Material:

Plastic silicone board and glass fiber board

## Material Specification:

Mil-p-997, ty gsc, cl h military specification all material responses board

#### Shelf Life:

N/a

#### Unit Of Measure:

---

# Demilitarization:

No

Fiig:

A011b0

Mil-std (military Standard):

Mil-p-997 spec.
