NSN 5940-01-107-4566 Lug Terminal - Page 1 of 1
View Online at https://aerobasegroup.com/nsn/
Overall Length:
0.930 inches
Overall Width:
0.310 inches
Material Thickness:
0.030 inches
Maximum Conductor Size Accommodated:
16 awg
Electrical Insulation Feature:
Insulating sleeve
Mounting Method Style:
Open slot w/lip
Mounting Tongue Width:
0.310 inches
Mounting Facility Thickness:
0.030 inches
Identification Code Color:
Red
Mounting Slot Width:
0.173 inches
Basic Shape Style:
Crimp
Conductor Accommodation Type:
Recessed barrel single end
Material:
Plastic polyamide insulation
Surface Treatment:
Tin except insulation single layer

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A006b0
