Overall Length:

2.940 inches

Overall Width:

0.625 inches

Overall Thickness:

0.190 inches

End Application:

Bgm-109g glcm

Mounting Configuration:

Two 0.380 in. Mtg holes

Unit Type:

Plate

Mounting Method:

Hole

Material:

Copper, qq-c-576, temper hot rolled, annealed

Material:

Copper alloy 121 or copper alloy 122 or copper alloy 123 or copper alloy 125 or copper alloy 127 or copper alloy 128 or copper alloy 130 or copper alloy 102 or copper alloy 104 or copper alloy 105 or copper alloy 107 or copper alloy 110 or copper alloy 120 or copper alloy 113 or copper alloy 114 or copper alloy 116

Material Specification:

Qq-c-576, temper hot rolled, annealed federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T174-b
