**Overall Length:**

1.031 inches

**Largest Diameter:**

0.172 inches single end

**Electrical Insulation Feature:**

Insulating sleeve

**Identification Code Color:**

Red

**Basic Shape Style:**

Crimp

**Conductor Accommodation Type:**

Straight barrel all ends

**Special Features:**

22-16 gauge wire

**Material:**

Plastic insulation

**Surface Treatment:**

Tin conductor accommodation single layer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A006b0
